

Please don't allow the new LPFM stations to take priority over other stations. I listen to K-LOVE everyday. It is great to have a station where I don't have to worry about what is said as I have 4 children. We have lots of secular stations, but few Christian stations. I should be able to listen to what I want to listen to and not be forced to only have secular station choices. K-LOVE changes people's lives for the better. I also like the fact that I hear about Christian happenings in my area. I can't hear about them otherwise.
